The Town is to be represented by the Mayor R.K.Babington and councilmen H.S.Hensley ; ED.Garber; Carl Brill; and Hiram Monger, and they were instructed to ask for more time so as to have Stuart Royer asso to make a new survey of changes.

The water line on gibbons ave was brought to the councils attention again so Carl Brill so moved and W.F.Bruce seconded and passed that they would lay a four inch line from Shenandoah Ave. to Henslays Garage a distance of about 280 feet.

The request of the Rockingham Milling Co for more electric power at their place here in Elkton was discussed and they find that it would be quite a large out lay of money to buy transformers to furnish same , so it was so dècidded to contact Mr .
