OCTOBER 25,1957

A special meeting of the Elkton Town Council meet in the Court Room October 25, 1957 at 8;00 oclock with the Mayor R.K. Babington presiding and the following Councilmen present, R.J. Lough Ed Shults Thomas Eadie, Ed Garber and H.A. Workman.

Mr. Eadie read and commented on the audit report for the fisecal year ending August 31,1957, in checking the audit there was found a difference in theTreasurers account of 62.78, so Mr. Eadie moved R.J. Lough sec. and passed that the Treasurer be releaved of same.

It was so moved by Thos Eadie sec. by H.A. Workman and passed that the Treasurer be releaved of the uncollected 1953 Taxes amounting to $ 222.94.

Also moved by Thos Eadie sec. by Ed Shults and passed for the Treasurer to record all unpaid 1954 Real Estate Taxes on the Court House Tax book in Harrisonburg by Dec. 1,1957.

Thos Eadie moved , H.A. Workman sec. and passed that the old accounts of Mrs Luther and F.G. McGonnel amounting to $44.15 be marked off and the balance of unpaid water and light bills as listed in the Audit to be collected by the Treasurer.

Thos Eadie moved, Ed Garber sec. and passed that they accept the 4 reccomendation as offered by Mr. Willett and as recorded in the Audit. in which the Finance Committee have the payroll record for 1957 corrected and keep so in the future.

Thos Eadie moved, Ed Shults sec. and passed that they have 30 coppies of the 1957 Audit printed and made available to the interisted citizens of the Town of Elkton.

Thos Eadie moved and H.A. Workman sec. andpassed that they accept Mr. Willett's audit report for the year of 1957.

Mayor Babington read to the Council the Resignation letter of Mr. W.J. Anthony in which he asked to be releaved of Council duties as Follows,

OCTOBER 18, 1957

Mayor Babington

Elkton, Virginia

Dear Ralph:

It iswith a deep feeling of regret that I must resign from Council and leave your community. However , from a personal point of view, opportunity must not be ignored.

I tried very hard to have all details of the Disposal Plant finished but delivery of some lighting fixtures from Noland Company made this impossible. Essentially the plant is complete and the finishing details are known to Mr. Herndon. On completion of the retention tank the system should be ready to operate with the exception of chlorination facilities. Ashby is familiar with tempoary chlorination facilities that were planned for use.

Please see that the settling tank is cleaned of metal and junk and filled with about ten feet of water to relive the overburden pressures on the side walls. Mr. Pence should then be on hand to circulate water through the pumps and check out alignment and performance.

Do not break out the tile in the diversion manhole until the plant is actually ready to be put in service.

Be sure to run the plastic tubing from the chlorination room to the overflow wier tee. Do not chlorinate without having this plastic tube in place because of a corrosion problem.

Be sure the wooden plugs are firmly in place in the three digestion compartments. Do not drive these plugs in place.

Check Brock and Davis on poor mortar in the cement block operating house.

Mr. Eadie has a summary of expenses and items that remain to be paid and has a good idea of the sequence for payment.

Any papers form the Federal Government shouldbe forwarded on to me for singing as I am the official agent for the Town. To change at this point would confuse the agency and I am glad to do what ever is necessary. In addition, I shall be glad to check over drawings after Mr. Perrow has made " as constructed" changes as he agreed to do in his contract. There will be a great many changes needed to the sewer drawings and dome of this material is only known to me.

With respect to changes, do not destroy anydrawings until all field changes have been shown of the corrected drawings.

My association with you and all Council members has been pleasant and a worthwile experience. Local governing bodies would have more cooperation if a number of citizens could have the experience of participation.

Best regards to all and remember that I want to continue to be of service to the Town.

Very truly yours.

Wm. J. Anthony

Ed Shults moved, Ed Garber sec. and passed that they accept his resignation , with deep regret.

R.J. Louth moved , Ed Garber sec and passed that they sell the old road grader for $100.00 to Mr. M.E. Kite, they also moved that they would accept a resonable bid of $75.00 to $100.00 for the Truck bed which the Town owns.

H.A. Workman moved, R.J. Lough sec and passed to have Ashby Herndon to have the concrete mixer, roller and mower brought in and stored on Town property.

R.J. Lough moved , Ed Shults sec. and passed that Ed Garber act. as temporary chairman od the Streets, Water and Sewer untill the present vocancy is filled.

No futher business we had a motion to adjourn.

ROCORDER N. Frey

APPROVED
R.K. Babington
MAYOR
